

AUDA ESTATES

BILLING DESK

Local billing, receipts, ledgers and reporting

A practical billing system for estate operations

- Excel uploads for members, invoices and receipts
- Month-end invoices with water charges, GST and rounding
- Receipt creation only after payment is received
- Individual and all-member ledger exports in PDF and Excel
- Receipt reversals, date-based cleanup and database backup

Ready to run from one folder

Includes CMD launcher, local database, and Excel templates
