Project inventory: 38 saleable flats, with two separate refuge-area entries. This certificate concerns project work and does not certify flat sales.

Milestone 7: Final Finishing - 5% Stage

For this fictional demonstration, the final finishing work scheduled for milestone 7 is recorded as completed on 31-Oct-2026. The incremental payment milestone is 5% of agreement value. Cumulative payment entitlement increases from 90% to 95%; the remaining 5% is payable at the future handover milestone.

The finance reviewer should confirm agreement-linked eligibility before raising demands for the four sold flats. GST is added separately at the configured demonstration rate. This PDF is evidence for manual review; uploading it does not independently authenticate the work or authorise collection.
